Dear General Doyle:

I want to express my appreciation, and that of my colleagues, for the opportunity to visit SAC. Your personal attention, the visits with General Davis and Lieutenant General Miller, and the opportunity to board the aircraft were highlights of the trip. The briefings by your intelligence personnel and by the operational elements helped us gain a better appreciation of your mission and, particularly, of your intelligence requirements. We were very impressed by the professionalism and commitment of those we met.

Please extend my personal thanks to General Davis and Lieutenant General Miller, and to those who made our visit so informative and pleasant. I look forward to continued close cooperation between our two organizations.

Sincerely,

Executive Director
